

AMBULANCE STAGING MANAGERS' {ASM} COURSE

HOSTED ANNUALLY BY THE TEXAS EMTF
STATE COORDINATING OFFICE

A VITAL COMPONENT OF THE TEXAS EMERGENCY MEDICAL TASK FORCE
AND THE TEXAS DISASTER MEDICAL SYSTEM

SPRING 2015

CLASS DATES: APRIL 1&2
LOCATION TBA

The Ambulance Staging Manager (ASM) Program began in 2009 following the Hurricane Season of 2008. This course has been developed by leaders and responders using lessons learned during statewide responses in Texas as well as regional responses and incidents nationwide. Our tabletop exercise training concept brings a measure of realism and stress to this hands-on course.
